Summary

Motion and graphic designer with **8+ years of experience** building brand worlds across digital, social, and cinematic formats. Specialized in **AI-driven video production** combining generative tools with directorial craft to create micro-videos, campaign visuals and branded content that perform.

Works at the intersection of motion design and emerging AI pipelines. Fluent in the full production cycle: **concept - prompt engineering - AI generation - post-production - delivery.**

Remote-ready. Agency-tested. Currently available for freelance and long-term collaborations.

Work experience

Freelance Motion & AI Creative

2023 - Present

- Produces AI-generated cinematic micro-videos for brand storytelling and social campaigns targeting agencies and direct clients internationally.
- Develops end-to-end creative pipelines using Midjourney, Kling, VEO 3 and Adobe Firefly integrated with traditional motion design workflows.
- Designs and codes HTML newsletters optimized for deliverability across major email platforms.
- Creates motion graphics, logo animations, and campaign visuals for global clients across multiple verticals.

Motion Graphic Designer · Wunderman Thompson (WPP Group)

2018 - 2023

- Produced motion graphics, explainer videos, and campaign visuals for major international brands within a top-tier global agency environment.
- Designed branded content for digital and social platforms maintaining strict visual consistency across multi-market campaigns.
- Collaborated with cross-functional creative teams on fast-turnaround, high-volume production cycles.
